

PR-D14USB

FM-RDS / AM / USB
Portable Receiver

Color

White

The SANGEAN PR-D14 is a true ultra-compact portable AM/FM-RBDS (Radio Data System) Digital Radio with USB port for playing MP3/WMA files from USB drive. All controls are conveniently located and you can see the frequency and the clock on the display. It also features a tone control (talk and music) for more powerful overall sound. The PR-D14 has excellent sensitivity and selectivity and will surprise you at its ability to pull in those distant stations. Five presets are available on each band and the auto seek will automatically seek the active stations across the entire band rather than to the next frequency. The radio can be set to automatically turn off after 120, 90, 60, 45, 30, or 15 minutes, so you can fall asleep to the sound of music, talk, or news. Sleep alarm allows you to wake up to music, buzzer with humane wake-up system or media by (USB). You can power it with the included AC Adapter, or four "D" size batteries (not included).

You can also listen to your personal music from your MP3, iPod, iPhone or iPad through the AUX input jack. Expanded connections include a USB port for playing MP3/WMA files from USB drives as well as a headphone jack for private listening. Additional features include snooze, adjustable tuning step...

Easy to Read LCD Display

An easy-to-read LCD display shows you station and time. The segment-style LCD screen is backlit to be easy to see even across the room and for night viewing.

Big Sound, Small Package

The PR-D14 delivers sound beyond its size with 3.0" full stereo range speaker.

Auxiliary Input / USB / Headphone Jack

Connect external devices like your iPod, iPhone, MP3 or CD player to the auxiliary input for your enjoyment... and expanded connections include a USB port for playing MP3/WMA files from USB drives as well as a headphone jack for private listening.

Connect Your Portable Digital Player with Expanded USB Port

A 3.5mm Aux-in socket allows you to connect your iPod, iPhone, iPad, smartphone, or other portable digital music player using a male-to-male 3.5mm stereo cable as well as playing MP3/WMA files from USB
